9. Meetings on Current Economic Policy Developments in Communist Countries

On 26 April 1966, the activities of the Subcommittee were expanded to include a series of meetings on current economic policy developments in Communist countries. The first of these meetings -- on Communist China -- was held on 29 June 1966.

10. Evaluation of the Role of the Subcommittee

The Subcommittee serves a useful function in its ability to evaluate proposals for external economic research on an ad hoc basis. It also provides a formal mechanism through which the community can undertake coordination of certain economic intelligence activities such as exchange proposals, NIE post mortems, etc. The series of meetings on current economic policy developments will continue for a trial period of one year and will be evaluated in the next annual report. Any further extension of activities by the Subcommittee should be carefully weighed in the light of the very high "opportunity cost" of the members' time.

B. Future Program of the Subcommittee

The Subcommittee intends to pursue its present course. As noted above, further meetings on current economic policy developments in Communist countries will be held during Fiscal Year 1967.

C. Change in Chairmanship

25X1A9a

Effective 15 April 1966, [REDACTED], Chief, Analysis Division, ORR, CIA, was appointed Chairman of the Subcommittee vice
